Please Expedite

We were recently made aware by the City of Charleston that we are to present our vehicles to the Traffic and Transportation committee for approval on the 28<sup>th</sup> of February. They have required us to show proof that the state will approve our vehicles for commercial operation with a Class C charter. We would like to request that our application be expedited so that we may receive your approval before our meeting with the committee.

Thank You for your consideration,  
Jeffrey Newton  
VP  
Tuk Tuk of America of Charleston
